### INSURANCE

This is quite a feature of my business. I represent two strong and liberal companies, whose contracts are free from the usual numerous restrictions that some other companies have, which really have the effect of insuring the company instead of the insured. No trouble to explain the policies and quote rates. ACCIDENT TICKETS—These are adapted to persons who do not desire yearly insurance, but who wish protection on short trips, etc. I issue them without written application, taking effect immediately.

I am agent at Bryan for the  
Oliver Typewriter, the only standard  
visible writing machine.

## NO MATERIAL CHANGE

Yellow Fever Situation at Crescent  
City Same.

## COUPLE MORE CASES

Emergency Hospital Has Been Fully  
Equipped and Is In Charge of  
a Noted Authority Upon  
This Disease.

New Orleans, July 26.—There has been no material change in the fever situation. Two more deaths were reported. There is no absolute record of the number of cases under treatment at the present time, but believed to be about twenty. Physicians are reporting promptly all cases of fever and immediate steps are being taken to prevent mosquito infection, so that the prospects of restricting the infection are considered bright.

The emergency hospital on Dumano street was equipped Tuesday and placed in charge of Dr. Hamilton P. Jones, who had charge of the isolation hospital in 1897. He has as his assistant Dr. L. J. Faget, a noted yellow fever authority and a man conversant with the Italian characteristics.

Surgeon White and Surgeon Gutierrez of the marine hospital service have completed all plans for the establishment of the detention camps along the different railroad trunk lines, and have selected the physicians in charge, who have already selected their staffs.

In view of the complications over outside and inside quarantines the state board decided to quarantine the state against the city of New Orleans and such territory in the immediate vicinity of New Orleans which desires to maintain open communication with the city. This will result in relieving the quarantines which Mississippi has placed against the whole state and which Dr. Tabor of Texas threatened.

Dr. F. R. Ross, who was left here by Dr. Tabor to report to him on the developments, left for Houston well pleased with the energy and activity of local authorities and expressing confidence that they would do all that could be done.

### HARRIS HANGED.

Mob Took Negro From a Train and  
Swung Him On a Tree.

Memphis, July 26.—A Commercial Appeal special from Glendora, Miss., says that a mob of fifty men took Will Harris, a negro, from a Yazoo and Mississippi Valley train at Black Bayou and hanged him to a tree about a quarter of a mile from the railroad. Harris and his brother, Henry, shot and seriously wounded two white men, Barksdale and Allen, respectively, on the James plantation near Sharkey, July 19. A posse pursued the negroes and in attempting to arrest them shot and killed Henry Harris. The other brother escaped, but was arrested Monday night at Heathman. Tuesday morning the prisoner was taken to Greenwood and placed aboard a train and was being conveyed to a point in Tallahatchie county, where he was to be turned over to the sheriff, when the mob boarded the train and secured him. Little difficulty was experienced in taking the negro from his custodians and Harris was quickly conveyed to a pre-arranged spot and lynched.

### READY TO MIX.

Negro Editor Prepared to Enter Ranks  
of Topeka's Four Hundred.

Topeka, July 26.—Nick Chiles, a negro editor, has purchased a residence directly next to the executive mansion and announced that he desires to mix with the swell society of the capital. The "four hundred," official and otherwise, is outraged at the presumption of the negro, and Governor Hoch is receiving many caustic letters on the subject. It is considered the fruits of the governor's cordiality to Booker T. Washington, whom he escorted down the aisle in the representative hall last winter, introducing him to the legislators and dining with him and another negro.

Editor Chiles laughs at the criticisms and avows he will be a good neighbor to the governor.

### MISS STURGES WEDS.

Her Father Was With Farwells, Builders of Texas Capitol.

London, July 26.—George Charles Montague, M. P., for the Southern division of Huntingdonshire, and Miss Alberta Sturges were married Sunday at St. Paul's church, Knight's Bridge. Her stepfather, Francis H. Leggett of New York, gave away the bride. Mrs. Leggett was the widow of William Sturges who, with the Farwells of Chicago, built the capitol at Austin, Tex.

### Russians Dislodged.

Tokio, July 26.—An official report from the headquarters of the Japanese army in northern Korea says: "On Monday, July 24, the army succeeded in dislodging the enemy from the neighborhood of Puku and Puryong and occupied a line to the northward."

## VALUABLE GEMS GONE

Two Daring Burglaries Have Been  
Reported of Jewelry.

## ELEGANT NECKLACES.

One of Them Comprises a String of  
Eighty-One Magnificent Pearls,  
While the Other Includes  
Eleven Turquoises.

New York, July 26.—A daring burglary was brought to light Tuesday when circulars describing \$25,000 worth of stolen jewelry were sent out to all the pawnbrokers in New York. A wealthy New York business man, who has a country home in Connecticut and who sailed for Europe with his family last week, is said to have been the victim.

The Connecticut police have been unable to get any trace of the burglars or their plunder and lists of the missing property have been scattered throughout the United States, with offers of a liberal reward. The most highly valued article stolen was a necklace of turquoises, which had been a family heirloom, and of great intrinsic value.

Another circular sent out by a detective agency makes public another robbery, amounting to \$25,000, which by a queer coincidence, occurred in a New York residence on the same day that the robbery was committed in Connecticut. The name of the loser has been withheld. Included in the loot was a necklace of eighty-one pearls with a cross suspended from it made of eleven pearls. Another necklace consists of fifty-five opals, graduated in size, with crystals intervening.

### REVISED COTTON REPORT.

It Shows a Decrease in Acreage Compared With Last Year.

Washington, July 26.—The department of agriculture's revised report on cotton, issued at noon Wednesday, shows a decrease in acreage planted of 14.9 as compared with last year.

Estimated percentage decrease is as follows: Virginia, 18; North Carolina, 15; South Carolina, 14; Georgia, 14; Florida, 12; Alabama, 11; Mississippi, 16; Louisiana, 17; Texas, 16; Arkansas, 19; Tennessee, 13; Missouri, 15; Oklahoma, 15; Indian Territory, 11.

### UNUSUAL EXCITEMENT.

Caused by the Figures Given Out by  
Agricultural Department.

New Orleans, July 26.—Wednesday was one of unusual excitement on the cotton market owing to the fact that the revised government acreage report was made at 11 o'clock. This showed the reduction of acreage to be 14.9 per cent compared with previous figures given out on June 3, now declared to have been manipulated, of 11.4, or a further decrease of 3.5 per cent. The market was put up about 15 points immediately after reading of the report and many bears turned bulls for trading during remainder of the day. Prices thirty minutes after the reading of the report, however, were but 2 and 3 points above Tuesday's closing.

### OPENED AT ADVANCE.

Market Broke, but Later It Rallied  
Quite Decidedly.

New York, July 26.—Cotton market opened very firm at advance of 11 to 17 points on higher cables and continued rumors regarding revised acreage estimated at madday Wednesday. Demand was quite active on call, but Liverpool weakened shortly after local opening and prices soon broke to a net loss of about 7½ to 12 points on active months, under liquidation and bear pressure on gossip that revised acreage estimate if issued would show smaller reduction in area than bulls expected. Later the market rallied to within 2 or 3 points of Tuesday night's finals on covering, but acted very nervous during the middle of the morning.

### ARGUMENTS FOR INCREASE.

These Will Be Prepared at Meeting to  
Be Held at Washington.

Cincinnati, July 26.—Captain J. E. Ellison, chairman of the sub-committee appointed by the preliminary session of the Rivers and Harbors association, which met here recently, left for Baltimore in company with other river men to meet officials of the National Rivers and Harbors association. These officials will be asked to issue a call for a meeting of the association at Washington during the next session of congress to prepare arguments for increase in appropriations to be used for improvement of waterways throughout the interior. No favors will be asked for any particular section at this meeting, but general increase of waterways appropriations. In the event that officials of national association do not call the convention as asked, then Captain Ellison will issue a call himself by the authority conferred upon him at the recent preliminary session of the convention here.

Copenhagen, July 26.—Formal intimation has been received by the court of King William's intention of visiting King Christian at an early date.

THURSDAY, JULY 27.

Our navy continues to suffer  
more from disasters in time of  
peace than from the enemy in  
time of war.

The Gonzales Inquirer notes  
that the first year's net result of  
monkeying with the Panama canal  
is yellow fever.

Baron Komura kindly assures  
us that Japan does not want the  
Philippines. Too bad; some of us  
were in hopes she did if she would  
pay a fair price for them.

The man willing to enjoy the  
benefits that a town may have and  
yet takes no part for the securing  
of other benefits for his prosperity  
is a mighty small individual. He  
really has no place among the oc-  
cupants of this mundane sphere.—  
Galveston News.

Dr. Tabor states that the state is  
able to cope with the yellow fever  
situation, but that does not mean  
that an active and progressive  
sanitary campaign is not necessary,  
especially in every town in this  
part of the state. The Eagle hears  
no little complaint about sanitary  
conditions in some parts of the  
town, and would like to see the  
matter vigorously pushed until  
the city is placed in first-class  
sanitary condition.

### COTTON FOR PORTLAND EXHIBITION.

Millican, Tex., July 24.—The  
Government agent, Mr. Proctor,  
came to my farm today and I fur-  
nished him six stalks of cotton  
and some fifteen open bolls to be  
sent to T. J. Anderson, general  
passenger agent, Southern Pacific,  
for Lewis and Clark Portland Ex-  
hibition. Cotton crops are fine.  
P. H. Arrington.

### WILLIAMSON COUNTY WINS.

Awarded the First Prize at the Farmers'  
Congress Yesterday.

The Farmers' Congress devoted  
itself to routine work in the gen-  
eral sessions and various sections  
yesterday. The attendance reached  
the high mark of the session and  
the record breaking crowd in the  
history of the organization, and  
was conservatively estimated at  
1500. The visitors come from the  
length and breadth of the State—  
from the most remote sections as  
well as the most populous districts.

The feature yesterday of great-  
est interest to many was not on  
the regular program. It was the  
awarding of the \$50.00 prize of-  
fered by the Dallas and San An-  
tonio fairs for the best county ex-  
hibit. Williamson county was the  
winner. The awarding committee  
made the following report:

To J. H. Connell, President Texas  
Farmers' Congress:

We, your committee appointed  
to judge county exhibits, beg to  
submit the following report: We  
find the exhibit of Brazos county  
communities very meritorious,  
showing the capacity of the soil  
and the skill and enterprise of the  
exhibitors, but we decide that the  
Williamson county exhibit as a  
county exhibit is entitled to the  
first premium and prize.

Signed, F. F. Collins,  
W. H. Parks.

Mr. Collins was formerly a resi-  
dent of Brazos county and Mr.  
Parks is a brother of Mr. J. F.  
Parks of Bryan, so that both  
gentlemen naturally feel very  
kindly towards Brazos county.  
They stated that Brazos county  
had as good products, more of  
them and a better variety than  
Williamson county, but they were  
not classified and named according  
to varieties, and formed into a  
good homogeneous exhibit, as was  
the case with Williamson county.  
A lot of detail work, cutting out  
duplications and systematizing the  
whole exhibit would have made  
Brazos county an easy winner.

### MRS. NEIBERT BETTER.

Galveston, Texas, July 25.—  
The condition of Mrs. Carey Carr  
Neibert, who met with such a  
terrible accident in Houston, is  
reported to be very encouraging.

It will be remembered that the  
lady was brought to the Sealy hos-  
pital in this city after having one  
of her feet amputated in the Hous-  
ton infirmary. It was hoped that  
the other foot could be saved, but  
it was later found necessary to re-  
move the other foot in order to  
save the lady's life, and her re-  
covery from the shock and present  
improved condition give reason  
for gratification to her large circle  
of friends throughout the State.

## TO VISITORS.

Visitors to the Farmers' Congress will find at John M. Caldwell's jewelry store a handsome assortment of souvenir spoons of A. and M. College buildings and the churches, courthouses and other public buildings in Bryan. We are offering these handsome souvenirs to visitors at exceedingly low prices. We also invite attention to our well assorted stock of everything in the jewelry line. 199 John M. Caldwell.

A postal card received yesterday at the office of Mr. Joe B. Reed gives notice of the death of Mr. C. E. Whittington at his home in San Angelo. Mr. Whittington was a former resident of Brazos county, well known all over the county, and at one time deputy county clerk. He was a good man, in the prime of life, and leaves a wife. The news of his death will cause profound sorrow throughout the county. Mr. Whittington was a member of the local Friend-in-Need Society.

A Tuesday New Orleans special in the Galveston News says: "Dr. E. R. Ross of Houston, who was left here by Dr. Tabor as the guardian of Texas interests, left tonight for home, perfectly satisfied that the situation was being properly handled by the city, state and federal authorities."

The Farmers' Congress visitors began leaving in large numbers over both railroads yesterday and last night. So many left by the north bound Central yesterday afternoon that it was necessary to attach three extra coaches to the train here to seat the crowd.

Dr. N. M. McDougald phoned the Eagle yesterday morning that he had recovered the fawn which escaped from his home Tuesday, through the advertisement which appeared in the Eagle yesterday morning. The deer was brought in by a negro a few hours after the ad appeared.

Mr. A. H. Halbert of Coleman City, Texas, here to attend the Farmers' Congress, has been doing some expert work in pecan budding for Mr. Walter Wiprecht on the latter's farm on the Little Brazos river. He has budded paper shell pecans from West Texas on 125 native pecan stocks.

Mr. and Mrs. S. W. Meredith arrived from Chappell Hill yesterday. Mrs. Meredith will remain in this city with her mother, Mrs. T. B. Johnson, while Mr. Meredith makes a business trip to Cincinnati. He left for that city yesterday afternoon.

The young people injected a social feature into the Farmers' Congress last night by a surprise dance at the Chemical building. There was a very large crowd present and the evening was an exceedingly pleasant one for the visitors.

## REMEDY FOR HAY FEVER.

After Trying Other Treatments, Hyomei Was Used with Perfect Success.

Before the discovery of Hyomei the only advice a physician could give his hay fever patients, was to go away from home, but now anyone who is subject to this disease can, if Hyomei is used, stay at home without fear of the annual attack of sneezing, watery eyes, and other discomforts.

J. F. Forbes, a well known Western railroad man, whose home is at McCook, Nebraska, writes: "I have never had any relief from any remedy for hay fever, even temporarily, until I discovered the merits of Hyomei. I always recommend it when occasion requires."

There is no offensive or dangerous stomach dosing when Hyomei is used. This reliable remedy for the cure of all diseases of the respiratory organs is breathed through a neat pocket inhaler that comes with every outfit, so that the air taken into the throat and lungs is like that of the White Mountains or other health resorts, where hay fever is unknown.

The fact that E. J. Jenkins agrees to refund the money to any hay fever sufferer who uses Hyomei without success, should inspire confidence in its power to effect a cure. A complete outfit costs only \$1.00 and extra bottles but 50 cents.

## HABEAS CORPUS.

Madisonville, Texas, July 25.—R. K. and John Defee, who were yesterday denied bail by Justice Goree at Midway on the charge of killing Tom Defee, have sued out writs of habeas corpus before District Judge Boone through their attorneys, Ford & Berry.

Sheriff Payne, in charge of the defendants, and the attorneys and others interested left today for Anderson where the hearing will be held.

Mr. F. F. Collins of San Antonio, formerly a citizen of Bryan, is one of the prominent visitors to the Farmers' Congress and the guest of Mr. J. W. Coulter. Mr. Collins is a pioneer in irrigation development in the Southwest, and talked upon that subject at College on Tuesday. He told about his fine irrigated farm near San Antonio, which has 180 acres watered from a single flowing well, and which he rents at \$25 an acre. He urged farmers to give more attention to irrigation. Mr. Collins' farm runs right up to the city of San Antonio and is an ideal place in every respect. He refused \$90,000 for it last year, offered by a northern capitalist. He says it suits him and he would not sell at any price.

Jas. Wilson Jr. of Edge was in the city yesterday en route to the Farmers' Congress with samples of the largest German millet we have ever seen—nearly six feet high with heads six to eight inches long. He had a branch from a pear tree on which there were thirty-three pears.

Sam M. Winters spent yesterday in Houston looking after repairs on machinery of his ice plant, which has been temporarily stopped by a breakdown.

Editor Buck Brown of the Argus News of Midlothian was here yesterday attending Congress and called on the Eagle.
